

BOOK SEWING MADE SIMPLE!

Super Sewer™

The ODM Super Sewer™ – *Ideal for Sewing Short Run Books On-Demand!*

The Super Sewer™, an automatic in-line sewing machine is, designed for on-demand photo books, yearbooks, journals, children's (juvenile) books and thin (up to 1/2" thick) text books. Easy to operate with a touch screen control panel. Super Sewer™ features **Back Tack Technology™** simply put, the sewing machine does a reverse back stitch on the head and foot of the book block. This ensures a very strong side sew which will not come apart at the head and foot like standard side sewn books do. The Super Sewer™ can stitch up to 10 books per minute; *that's 600 books per hour.*

BACK TACK TECHNOLOGY™

- Automatically back sews the head and foot of each book block, ensuring a strong side sew.
- Lock-stitch sewing
