ODM SUPER SWATCHER™

The Super Swatcher™ is an automatic swatch machine designed for mounting sample swatches to color cards (sample cards) for the textile industry. It's a process that has been done almost exclusively by hand and can now by accomplished by the Super Swatcher™, a fast machine with amazing accuracy.

The Super Swatcher™ can mount up to 125 swatches on a one, two or three-panel swatch card at a rate of **500 cards per hour.** The Super Swatcher™ eliminates the pre-collation of swatches that is required in a hand mounting operation and greatly simplifies the swatch cutting operation. Make-ready costs are relatively low. Swatches can be mounted on any card size up to 14" x 36". The minimum swatch size is one-inch square.

STANDARD FEATURES:
- Easy-to-use, touch screen LCD control panel
- Eliminates the need to collate swatches
- Top load till allows for *continuous operation*
- Accurate mounting with perfect alignment
- Increases productivity, streamlines workflow process
- Finished cards are neatly stacked on a portable work station

Top load till allows for *continuous operation*.

Eliminates *time consuming* swatch pre-collation.

Low Cost, Simple Make-Ready:
- Plastic Till
- Head Plate (MDF Board)
- Sucker Mounting Plant

Sucker Mounting Plant

Plastic Till
