

BOOK SEWING MADE SIMPLE!

Super Sewer™ XXL

ODM Super Sewer™ XXL – Ideal for Sewing Books from Wallet to Tabloid Size ...Up To One Inch (25 mm) Thick!

Super Sewer™ XXL is an automatic, side sewing machine designed for on-demand photo books, children's (juvenile) books, yearbooks and textbooks up to one inch thick. Easy to operate with a touch screen LCD control panel. Super Sewer™ XXL features **Back Tack Technology™** simply put, the sewing machine does a reverse back stitch on the head and foot of the book block. This ensures a strong side sew which will not come apart at the head and foot like standard side sewn books. Super Sewer™ XXL pre-drills holes prior to thread stitching enabling book block up to 1" (25mm) thick. Super Sewer™ XXL can stitch up to **400 books per hour!**

BACK TACK TECHNOLOGY™

- Automatically back sews the head and foot of each book block creating a strong side sew.
- Holes are pre-drilled prior to thread stitching, ensuring a solid book block up to one inch thick.
- Lock-stitch sewing
